

# Chip PC Albook Pro

## Smart Secure and AI-Optimized Laptop

The Chip PC Albook Pro is a high-performance ultra-compact laptop designed for professionals who require efficiency security and seamless connectivity Powered by AMD Ryzen 5-7535U or Ryzen 7-7735U processors it ensures excellent multitasking capabilities and energy efficiency

The 14-inch 16:10 EDP display offers a resolution of 2560 x 1600 with a brightness of 250 nits providing a crisp and clear viewing experience in various lighting conditions An optional touchscreen upgrade is available with a resolution of 1920x1080 or higher The backlit keyboard US/Hebrew with a 1.2 mm key travel depth ensures a comfortable and precise typing experience

Equipped with 16GB DDR5 SO-DIMM 4800MHz expandable up to 64GB the Albook Pro guarantees smooth performance for demanding applications Storage is handled by a 512GB M.2 PCIe NVMe SSD with support for expansion up to 2TB ensuring fast boot times and ample storage space for professional use

For connectivity the Albook Pro is equipped with Wi-Fi 6E Dual-Band 802.11AX and Bluetooth 5.3 ensuring stable and fast wireless connections A Gigabit Ethernet RJ45 port provides additional wired networking options The Albook Pro includes one HDMI 2.0 output two USB 3.2 Gen1 ports two USB 3.2 Gen2 PD DP Data ports one USB 3.2 Gen1 port and a Ø3.5mm combo audio jack allowing for multiple device connections and seamless docking

Security is a top priority featuring a dTPM 2.0 Discrete TPM module for advanced data protection and an integrated Smart Card Reader for enhanced authentication The Albook Pro also includes a Full HD 2.0MP webcam for high-quality virtual meetings and a combo speaker and microphone jack for clear audio communication

Powered by an 11.4V 5900mAh 67.26Wh battery the Albook Pro ensures long-lasting performance throughout the workday An original 110V-220V charger is included and the device supports docking stations via USB-C for expanded functionality

The Chip PC Albook Pro is the perfect solution for professionals offering a combination of power mobility and security whether in the office remote work or on the go
